The Kyushu Branch Transfers the Office Location

UOZU (March 27, 2012) —Shikino High-Tech Co., Ltd. today announced that our Kyushu branch has transferred the office location following the installation of a new LSI test equipment to strengthen our test development field and will commence the business at the new office from April 2, 2012. This transfer aims to maintain the space to install the equipment and the development area.

We all continue our endeavor to devote ourselves to our business and to provide products and service to satisfy customers. Your continued support and contribution are greatly appreciated for us.

Commencement date: April 2, 2012
